

50KM ULTRA (3 x 16.8 Km)

All routes are fully marshalled and there are 3 water points on this lap.

This is 90% vehicular track and 10% road.

Start: Outside the Red Shoot Pub **Finish: Inside the Camping park**

From the start head west along the road for 0.8 km. Turn left up the stoney track and up a short hill. Continue along the top of the plain until you reach a tarmac road. Continue 'dead ahead' until you reach Feed station 1 (3). Turn hard left after FS1 and into the woods through a wooden gate. Continue through the woods for 3 Kms. At the T junction in the turn right toward the A31 (toward 7).

After 1 Km the track veers left alongside the A31 and into Bratley Inclosure (8). Drop down the gradient to a road crossing (road not closed) and arrive at water point 2. Continue straight on into Slufter's Inclosure (10) and stay on the light stone track for 1.5 km until you reach the road. Turn sharp left and run down the right hand side of the road for just over 1 Km. As you approach a T junction in the road (12) GO STRAIGHT ON toward Milkham Inclosure and water point 3, through the car park and back into the woods.

Follow the light stone track (14) for just over 2 Km before reaching a T junction. Turn hard right to go up the only real hill on the route which last for approx. 200 metres. Go through the gate past Rose Cottage and turn left onto the road for 1 Km. Repeat 3 times but on your final lap turn right past the pub, run down the road and turn right into the finish paddock.

THERE ARE NO KM MARKERS ON ANY ROUTES DUE TO THE CONFUSION IT WOULD CAUSE WITH MULTIPLE RACES TAKING PLACE AT ONCE
